

PROFESSIONAL SUMMARY

Senior .NET developer experienced in production APIs, SQL-backed business systems, and modern React/Next.js interfaces. Built and maintained .NET APIs used by thousands of daily users, alongside internal systems, ERP workflows, and customer portals. Experienced in turning business requirements into maintainable software, with hands-on ownership across development, deployment, troubleshooting, and support.

WORK EXPERIENCE

Freelance Software Developer

Independent

- Built and shipped web, desktop, and cross-platform applications, including products published on the Microsoft Store and Google Play.
- Built responsive React, Next.js, and TypeScript interfaces integrated with .NET REST APIs.
- Implemented API integrations, authentication flows, dashboards, and data-driven business workflows.
- Worked directly with clients to define scope, refine functionality, and deliver maintainable production software.

2021 - Present (Active)

Backend Developer - ASP.NET Framework & SQL Server

Drizzio / Digital Entrepreneur LLC - USA (Remote)

- Improved the .NET backend codebase and strengthened data bindings between backend services and frontend pages.
- Delivered a Twilio communications dashboard across backend and frontend layers, giving support, operations staff, and company leadership visual reporting on SMS and email delivery status, failures, and client communication activity.
- Led the end-to-end migration of multiple production websites, services, and databases - including the primary website and SQL Server environment - from Windows Server 2022 to newly provisioned Windows Server 2025 hosts, completing the cutover and retiring the legacy servers from active use.
- Configured IIS, SQL Server, and dependent services on the new environment, supporting the migration and production cutover.
- Monitored and maintained production server infrastructure, providing prompt incident support during service downtime.

Nov 2024 - Jan 2026

IT Manager

GEDAC Electric Company - Jeddah, Saudi Arabia

- Promoted to IT Manager to supervise IT staff responsible for hardware, network maintenance, and employee technical support.
- Owned monitoring, maintenance, and rapid downtime support for company-wide applications and infrastructure serving the head office, Saudi regional branches, and international sales offices.
- Established and administered core infrastructure from the ground up, including SQL Server, IIS, file-sharing services, virtual machines, and network services used across departments.

2015 - 2020

.NET Developer / System Administrator

GEDAC Electric Company - Jeddah, Saudi Arabia

- Solely designed and developed C#/.NET Framework WinForms applications for inventory, projects, engineering, procurement, sales, operations, and management reporting, deployed through ClickOnce.
- Modernized the legacy DOS-based inventory system into a customized Windows application, completing the transition and decommissioning the former platform.
- Built the company website, gedac.com, and an ASP.NET Web Forms customer portal for project-status inquiries, client messaging, feedback, and document sharing with sales and engineering teams.

2007 - 2015

Computer Programmer

Al Salem Kitchen Company - Jeddah, Saudi Arabia

- Developed a company-wide Microsoft Access inventory management system to improve tracking and internal processes.
- Supported internal software, LAN infrastructure, and technical troubleshooting across offices, factories, and warehouses.

1999 - 2006

SKILLS

- Core capabilities for backend systems, SQL-backed business workflows, modern frontend interfaces, deployment, and production support.
- Core:** C#, .NET, ASP.NET Core, ASP.NET Framework, REST APIs, SQL Server, Entity Framework Core
 - Frontend:** React, Next.js, TypeScript, JavaScript, Tailwind CSS
 - Delivery:** IIS, Windows Server, Docker, Azure DevOps, xUnit, PostgreSQL

EDUCATION

- BS Commerce major in Accounting**

Xavier University College - Cagayan de Oro City, Philippines
- COBOL Programming Certificate**

Systems Technology Institute - Cagayan de Oro City, Philippines
